DRUGS IN TESTS OF CRIMINALS

By DOROTHY OIX.
Washington, June 15.—Starr, Joseph, the Davis' sensational reputation of the testimony that she had previously given at the time of the inquest and before the Grand Jury, the Orpet trial has developed into a battle of experts over the question whether Marie Lambert was killed by liquid cyanide of potassium or a powdered form.

The State contends that she was killed by a super-saturation of cyanide of potassium. Starr, however, contends that it is in fact that she would have fallen dead almost before she could have taken the bottle from her lips, and that Orpet must have given her this poison and taken the bottle in which it was contained away with him, because it would have been impossible for her to have disposed of the bottle herself. Starr was found near her when she was discovered dead in the hotel room in which she was killed.

The defense contends that Marie Lambert was killed by dry cyanide of potassium which she may have carried on her handkerchief, or in the hollow of her hands, or in a paper, which the wind may have blown away.

TOLD SHE TOXIC THEORY.
Dr. Taylor, the surgeon's physician of the City Hospital, is an expert in the detection of the poison. He said that the cyanide of potassium is a white, crystalline substance, and that it is found in the mouth of the victim. WITNESS IN ORPET CASE, WHO ADMITS FALSEHOOD

Josephine Davis and her mother, Miss Davis, were photographed while greeting her mother just after the girl had told an entirely new story on the witness stand in the Orpet trial. The prosecution had relied upon the testimony of the Davis girl to form a strong link in its chain of evidence against young Orpet. The admission by the Davis girl that her first story was full of falsehoods came as a distinct surprise.

Who Was Society 'September Morn' in Dive from Steamer?

Newport, June 15.—The question of the Newport society is this: "Who is the young society matron who dived in the nude from the second deck of the steamer Priscilla into the water?"

Mr. Marshall, who is an expert in the detection of the poison, said that the cyanide of potassium is a white, crystalline substance, and that it is found in the mouth of the victim. WICKERSHAM PICKED BY HUGHES AS ADVISER DURING CAMPAIGN

By International News Service.
New York, June 15.—Charles Hughes has chosen as his political adviser, philosopher and friend in his fight for the presidency, Mr. Wickersham. He made the selection after he and Mr. Wickersham had held a lengthy conference.
Whether Mr. Wickersham will be Mr. Hughes' chief adviser in the campaign, or whether he will be a member of the Republican national committee is problematical, but he will, at all events, be an important factor in the campaign.
As national chairman, Mr. Wickersham would be campaign manager officially. Not alone is he a wise, personal friend of the Republican candidate, but his selection would be a further endorsement of the Republican ticket.
It is believed that Mr. Hughes intends being absolutely "regular" in the campaign.

Giraffes Cut Field Wires, Soldiers Say

Paris, June 15.—British soldiers on leave attracted general attention today because of the curious articles they pulled from their pockets: tobacco pouches, purses, pocketbooks of a mottled leather that looked like leopard skin at the first glance but turned out to be giraffe skin.
These soldiers, part back from East Africa, had been obliged to hunt these animals because they robbed their long necks against field wires and cut communications.

WICKERSHAM PICKED BY HUGHES AS ADVISER DURING CAMPAIGN

By International News Service.
New York, June 15.—Charles Hughes has chosen as his political adviser, philosopher and friend in his fight for the presidency, Mr. Wickersham. He made the selection after he and Mr. Wickersham had held a lengthy conference.
Whether Mr. Wickersham will be Mr. Hughes' chief adviser in the campaign, or whether he will be a member of the Republican national committee is problematical, but he will, at all events, be an important factor in the campaign.
As national chairman, Mr. Wickersham would be campaign manager officially. Not alone is he a wise, personal friend of the Republican candidate, but his selection would be a further endorsement of the Republican ticket.
It is believed that Mr. Hughes intends being absolutely "regular" in the campaign.

Comfort Suits

There's a well-defined tendency among men to seek greater comfort in Summer Clothes, though some merchants and some makers seem not to realize it. But our finger is ever on the public pulse. We anticipate public demand. We meet it in this case with

**Skeleton-Lined Suits from
The House of Kuppenheimer**

They are beautiful garments. There's nothing about Kuppenheimer tailoring that ever has to be hidden with a heavy lining, and these special light-weight fabrics *unlined*—prove that fact in no uncertain manner.

Drop in today and slip into one of these Kuppenheimer Feather-weight Suits. Note the absence of any lining other than a light silk yoke across the shoulders. Examine the fine tailoring of the exposed seams.

They are three-piece suits to wear with or without the vest as you prefer. They weigh next to nothing, yet they're as sturdy and serviceable and shape-holding as a lined garment—more so than some. That's the result of tailoring worth and fabric value. There's a wide range of patterns to choose from at

No Corns on
These Feet!

Monday, June 15, 1916. Ladies, a sure, quick, happy and to every corn, callus, or bunion, will give you of every corn or you get your bunion back in two days about it. Pierce is the simplest, surest, and most reliable remedy for corns, calluses, and bunions. It is a light little, thin little plaster that will keep up close to your corn's surface, and will work away the corn's hard, thickened skin, and will keep it from coming back again. You simply apply it after you have cut off the corns and corns with him.
